

## 1800 - Model 108

Light and breathable full protective suit, granting users moderate chemical protection

### Light and breathable full protective suit, granting users moderate chemical protection.

- **Specialized protection:** The AlphaTec® 1800 STANDARD Bound - Model 108 is made from low-linting fabric that minimizes cross contamination risks and ensures light chemical resistance, guarding against low-hazard liquid spray and fine particulates
- **Limited surface defect risks:** As this protective suit is silicone-free by design, it is ideal for spray-painting applications
- **Added defenses:** It also features bound seams, which are neater and stronger, and enhance barrier protection
- **Assured antistatic capabilities:** This chemical-protective suit also meets AATCC 76 and EN 1149-5 antistatic standards
- **Heightened breathability:** The AlphaTec® 1800 STANDARD Bound - Model 108's microporous polyethylene laminate composition is water vapor-permeable, helping to reduce heat stress
- **Enhanced fit and features:** Its optimized body fit makes it especially comfortable, and it features a three-piece hood, for added coverage, as well as practical finger loops and a two-way zipper with resealable storm flap

## Industries

- Life Sciences
- Automotive
- Metal fabrication
- Food Processing
- Chemical
- Automotive Aftermarket
- Mining

## Applications

- Clean room cleaning and preparing
- Body painting including surface inspection
- Production line support & maintenance
- Cleaning of plant and machines
- Maintenance of plant and machines
- Fibre Glass Resin Applications
- Handling of powders

## KEY FEATURES & BENEFITS

- **Low-linting fabric:** Tolerates low-hazard liquid spray and fine particulates
- **Silicone-free design:** Perfect for spray-painting applications
- **Bound seams:** Assured barrier protection, extra robustness

## Product Information

| Product Information |                                             |
|---------------------|---------------------------------------------|
| Available Sizes     | S, M, L, XL, 2XL, 3XL, 4XL, 5XL             |
| Color               | White                                       |
| Country Of Origin   | Sri Lanka                                   |
| Packaging Overview  | Individually packaged                       |
| Product Material    | Microporous polyethylene Laminate non-woven |
| Product Reference   | 1800 - Model 108                            |
| Seam Type           | Bound                                       |
| Shelf Life          | 5 years                                     |
| Style Number        | W18B108                                     |

Suit components & accessories

| Suit Components and Accessories |                                                                                                                                                                     |
|---------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Design Features                 | Coverall, 3-piece hood, 2-way zipper with re-sealable storm flap, finger loops and attached anti-skid boots (Sure Step sole). Elasticated waist, ankles and wrists. |
