

Electrical Protection Class 1 - RIG114B

Ergonomically designed natural rubber insulating gloves for all-day safety and comfort

Previously known as: E017B

Electrical

Medium Duty

Electrical protection gloves that combine safety and comfort, for assured hand protection

- **Heightened durability and flexibility:** ActivArm® Electrical Protection Class 1 - RIG114B insulated gloves are made from flexible, durable natural rubber latex, using an eco-conscious dipping procedure
- **Advanced ergonomics:** Their hand-at-rest design and non-splayed fingers help minimize hand fatigue
- **Elevated comfort:** These electrical safety gloves' generously proportioned flared cuff allows for amply ventilated comfort
- **Specialized defenses:** They are arc flash certified (APC 2 in combination with 96-003 leather gloves)* and can withstand a touch voltage AC maximum of 7500 V (DC maximum 11250), as well as acid, ozone and very low temperatures**
- **Increased practicality:** A case-hardened smooth finish facilitates donning and doffing
- **Certified protection:** As electrical PPE, they also meet applicable CSA, NFPA and OSHA standards
*ATPV : 59 cal/cm², ATPV : 92 cal/cm² with 96-002 leather gloves; EBT : 33 cal/cm² with 96-003 leather gloves
**Category A, Z and C respectively

Industries

- Automotive
- Electrical
- Construction
- Machinery and Equipment
- Mining

Applications

- Applications with risk of touch voltage
- Electrical Contractors
- Hybrid engine manufacturing and repair
- Maintenance Repairs and Operations in all industrial environments (MRO)
- Mass Transit Repair and Maintenance
- Power maintenance, repair & transmission
- Telecom repair near electrical wires

Electrical Protection Class 1 - RIG114B

Ergonomically designed natural rubber insulating gloves for all-day safety and comfort

Previously known as: E017B

Key Features

- **Natural rubber latex formulation:** For flexible, durable electrical PPE
- **Ergonomic design:** Reduced hand fatigue, for improved usability
- **Arc flash standards:** IEC 614821-2:2014 and ASTM F2675:2021

Performance Standards & Regulatory Compliance

In-house testing

EN388: 2016

3122B

Specifications
