

Oil

Heavy Duty

## Oil-repellent nitrile-coated gloves, designed for the safe handling of abrasive materials

- **Enhanced flexibility and durability:** Thanks to a unique nitrile formulation, ActivArm® Hycron 27-602 work gloves are more flexible than PVC-coated gloves and three times as durable as heavy-duty leather alternatives
- **Specialized protection:** These nitrile-coated gloves also provide an excellent barrier to oil and grease, with superb abrasion resistance, making them ideal for handling sharp, abrasive materials
- **Reduced defects risks:** Silicone-free, these ActivArm® gloves are clean and suitable for metalworking and motor manufacture, avoiding any potential contaminant transfer to metal prior to painting
- **Increased comfort:** Their cotton fabric cushions the hand and absorbs perspiration, granting wearers excellent hand protection with breathable comfort

\*these abrasion-resistant gloves are three times more durable than standard heavy-duty leather alternatives

### Industries

- Automotive
- Machinery and Equipment
- Metal fabrication

### Applications

- Handling metal sheets & panels
- Metalworking & assembly operations
- Press injection molding
- Seizing and finishing structural parts
- Fixing, clipping parts and wire harnesses; connecting devices
- Assembly & inspection of components

## Key Features

- **Unique nitrile formulation:** Flexibility, durability, abrasion resistance\*
- **Cotton liner:** For breathable, comfortable protective gloves
- **Silicone-free design:** Fewer surface defect risks when handling metal

*\*3x more durability than heavy-duty leather alternatives*

## Performance Standards & Regulatory Compliance

ANSI/ISEA 105-2024

4121B
