

ACTIVARMR™

23-193

Maintain a secure grip when the temperature drops.

Previously known as: WinterMonkeyGrip®23-193

Cold

Heavy Duty

Cold-resistant heavy-duty gloves, with flexible PVC coating to repel water, oil and grease

- **Enhanced versatility:** ActivArm[™] 23-193 safety gloves' PVC coating repels water, oil and grease, while remaining soft and flexible at low temperatures and enhancing abrasion resistance and grip performance
- **Added comfort:** Foam insulation means these comfortable industrial gloves keep hands warm and dry
- **Improved ergonomics:** A specially designed wing thumb, along with curved fingers and a soft jersey cotton lining, result in protective gloves with heightened flexibility and dexterity
- **Certified cold resistance:** These PVC-coated gloves satisfy EN 511-111 contact cold standards, for reliable hand protection in cold conditions

Industries

- Metal fabrication
- Automotive

Applications

- Handling materials with sharp or rough edges
- Fabricating metal parts, glass sheets
- Handling application & cleaning tools
- Production line support & maintenance
- Equipment repair & maintenance
- Assembly and disassembly of equipment

ACTIVARMR™

23-193

Maintain a secure grip when the temperature drops.

Previously known as: WinterMonkeyGrip®23-193
