

43-217

Welders thermal heat protection

Heavy-duty TIG welding gloves, combining thermal hand protection with dexterous tactility

- Specialized protection: ActivArmr® 43-217 work gloves satisfy EN 12477 Type B standards, ensuring effective protection from heat, flames, sparks and weld spatter and making them ideal for welding and thermal applications, as well as grinding, brazing, metal fabrication and maintenance
- Enhanced features: Their long-split cowhide cuff offers additional forearm and wrist protection, while a three-dimensional thumb design grants wearers greater dexterity, for safer, more precise welding gloves
- Improved durability: ActivArmr® 43-217 safety gloves' premium full-grain goatskin, welted seams and para-aramid thread also enhance their durability and wear life

Industries

- Machinery and Equipment
- Automotive
- Energy
- Utilities

Applications

- Grinding
- Welding
- Brazing
- Metal Fabrication
- Maintenance
- Welding, bonding, riveting
- Equipment repair & maintenance
- Metalworking & assembly operations

43-217 Welders thermal heat protection

Key Features

- EN 12477 Type B compliance: Superb welding* and thermal**
- Three-dimensional thumb design: For highly precise welding gloves
- Premium full-grain goatskin and welted seams: Heightened durability *suitable for TIG welding, as well as grinding, brazing, metal fabrication and maintenance **protection from heat, flames, sparks and weld spatter

Performance Standards & Regulatory Compliance

ANSI/ISEA 105-2024
