

Breathable antistatic chemical-protective suit, guarding against various particulate hazards.

- **Specialized protection:** The AlphaTec™ 1500 PLUS Stitched - Model 103 protective suit is made from SMS material, protecting wearers against liquid spray and particulates*, filtering 99.9% of particulates over 3 microns
- **Heightened breathability:** Air and water vapor permeability help this protective outer garment minimize the risk of excessive heat stress and maximize wearer comfort
- **Assured antistatic capabilities:** The AlphaTec™ 1500 PLUS Stitched - Model 103 is also tested against EN 1149-5 and AATC 76 antistatic standards
- **Enhanced fit and features:** Its optimized fit ensures comfort, with additional features including a two-way zipper with resealable storm flap, finger loops and an elasticated waist, wrist and ankles

*this chemical-protective suit ensures CE Category III Type 5/6 protection

Industries

- Automotive
- Chemical
- Life Sciences
- Construction

Applications

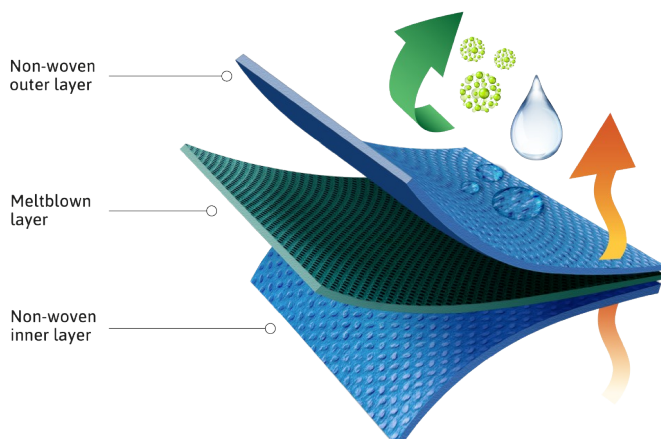

- Unpacking of bulk goods
- Painting or cleaning tools or robots
- Production line support & maintenance
- Handling of powders
- Fibre Glass/Resin Applications/Ceramic Fibres
- Body Surface checking, marking and touching up
- Assembly & inspection of components
- Asbestos Related Work

KEY FEATURES & BENEFITS

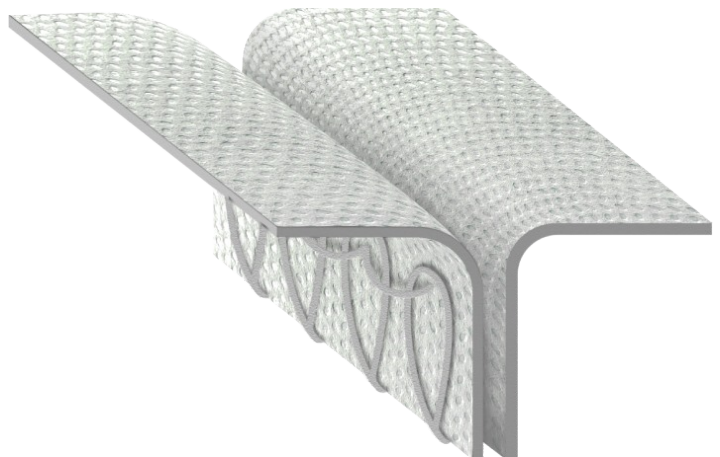

- ◊ **Particle-filtering SMS material:** Filters 99.9% of particles over 3 microns*
- ◊ **Air and water vapor permeability:** Lesser heat stress, greater comfort
- ◊ **EN 1149-5 and AATCC 76 compliance:** Assured antistatic capabilities

*according to the KAKEN particle penetration test
