

2000 STANDARD - Model

Superior breathable microporous laminate technology, Type 5/6 protection

Superior, breathable microporous laminate suit designed for industrial applications.

- Specialized protection: The AlphaTec® 2000 STANDARD Bound - Model 111 grants wearers moderate chemical protection*, resisting liquid and particulate biological hazards (including radioactive particulates**)
- Added defenses: This protective body suit also meets EN 14126 and ASTM F1670/1671 standards for bloodborne pathogen protection and DIN 32781 requirements for pesticide resistance
- Advanced breathability: The use of microporous polyethylene laminate nonwoven fabric makes it water vapor-permeable, reducing heat stress
- Certified antistatic capabilities: In addition, this protective suit satisfies EN 1149-5 antistatic standards
- Reduced cross contamination risks: Lowlinting fabric lessens cross contamination risk in critical areas
- Limited allergy and surface defect risks:
 Latex- and silicone-free by design, risks of Type IV latex allergies or contaminant transfer to metal when spray-painting are minimized
- Enhanced fit and features: This chemicalprotective suit's optimized fit and finger loops enhance comfort and user-friendliness, while a three-piece hood provides added protection and a two-way front zipper with resealable storm flap enhance practicality

*CE Category III Type 5/6 protection **in accordance with EN 1073-2 standards

Industries

- Life Sciences
- Automotive
- Metal fabrication
- Food Processing
- Defense
- Agriculture
- Automotive Aftermarket
- Chemical
- Machinery and Equipment
- Energy

- Utilities
- Emergency Medical Services

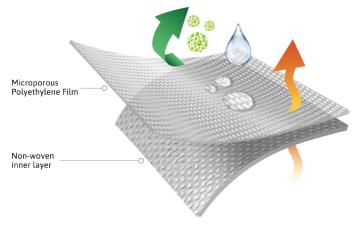

Applications

- Clean room cleaning and preparing
- Production line support
 & maintenance
- Veterinary Services
- Cleaning of plant and machines
- Maintenance of plant and machines
- Body painting including surface inspection

KEY FEATURES & BENEFITS

- **Protective barrier:** Increased personal protection
- Microporous laminate fabric: Lowered risk of heat stress
- EN 14126- and ASTM F1670/1671-certified: Resists bloodborne pathogen

Product Information

| Product Information | |
|---------------------|---|
| Available Sizes | S, M, L, XL, 2XL, 3XL, 4XL, 5XL |
| Color | White |
| Packaging Overview | Individually Packed |
| Product Material | Microporous polyethylene Laminate non-woven |
| Product Reference | 2000 STANDARD - Model 111 |
| Standards Overview | CE CATEGORY III (Type 5-B, Type 6-B, EN 1073-2, EN 14126, DIN 32781, EN 1149-5) |
| Seam Type | Bound |
| Shelf Life | 5 years |
| Style Number | W20B111 |
