

### Durable and comfortable protective arm sleeves, designed for full chemical protection suits.

- **Added protection:** The AlphaTec® 3000 Oversleeves Ultrasonically Welded & Taped - Model 600 is an excellent addition to any chemical protective suit, as they are made of multi-layer barrier fabric that provides reliable protection against a wide range of chemicals
- **Enhanced features:** These protective arm sleeves are in bright yellow, granting high visibility for improved workplace safety, particularly in low-light environments, besides providing durable protection against accidents and injuries
- **Improved durability:** The ultrasonically welded and taped seams of these forearm protection sleeves offer high levels of durability, ensuring no tearing and ripping

## Industries

- Chemical
- Mining
- Energy
- Life Sciences
- Food Processing
- Automotive Aftermarket
- Utilities

## Applications

- Unexpected leakages spills or other releases
- Loading and unloading trucks and vehicles
- Cleaning of plant and machines
- Transferring liquids and solids between vessels and tanks and process equipment
