

39-124

Strong mechanical performance and
good chemical protection in a wide
range of applications

Previously known as: Sol-Knit™ 39-124

Reinforced nitrile gloves, combining comfort with superb mechanical and chemical protection

- Heightened durability and protection:** Versatile by design, AlphaTec™ 39-124 nitrile-coated gloves combine durability, mechanical protection and chemical resistance, while ensuring superb dexterity and wet and dry grip
- Advanced ergonomics:** These flexible work gloves are longer than the AlphaTec™ 39-122 model, featuring a natural shape with curved, pre-flexed fingers and winged thumbs, for lesser hand fatigue and greater comfort
- Food handling compliance:** AlphaTec™ 39-124 food safety gloves comply with FDA food handling requirements, making them suitable for various food processing and service applications

Industries

- Automotive Aftermarket
- Metal fabrication
- Automotive

Applications

- Handling materials with sharp or rough edges
- Adjusting panels parts components
- Production line support & maintenance
- Equipment repair & maintenance
- Assembly and disassembly of equipment

Previously known as: Sol-Knit™ 39-124

Key Features

- **Nitrile coating:** For highly durable abrasion-resistant gloves
- **Ergonomic design:** High-dexterity work gloves ideal for light-duty tasks
- **FDA approval:** Compliant with relevant food handling requirements

Performance Standards
