Light Duty

## Antistatic multi-purpose gloves, delivering heightened comfort and dexterity

- **Specialized protection:** With EN 16350:2014 certification for protection from electrostatic discharge, HyFlex® 11-135 antistatic gloves can prevent costly accidents and damage to products
- **Augmented dexterity:** Stretchable stitches and a light, finger-dipped polyurethane coating grant these HyFlex® gloves added dexterity and tactility
- **Considered aesthetics:** HyFlex® 11-135 industrial gloves' polyamide liner boasts high levels of tenacity, producing very little lint despite extensive use
- **Elevated comfort:** A seamless, flexible design also ensures comfortable personal protection
- **Genuine versatility:** HyFlex® 11-135 industrial safety gloves are highly versatile, being touchscreen compatible and appropriate for diverse applications

### Industries

- Automotive
- Electronics
- Machinery and Equipment
- Life Sciences

Previously known as: PU610DGAS

### Key Features

- **Seamless copper-infused material:** Antistatic hand protection ensured
- **Stretchable stitches and thin PU coating:** For comfort and dexterity
- **High-tenacity polyamide liner:** Low lint levels even with extensive use

### Performance Standards & Regulatory Compliance

EN388: 2016

113XA
