

HyFlex™

11-518

Cut protection with high dexterity & longer wear life

Cut

Light Duty

ANSI/ISEA 105-2024 A2 / EN ISO B cut protection delivering high dexterity & longer wear life

- **Extended durability:** PU coating provides over 60% longer wear life vs competitors*, with EN and ANSI abrasion level 3 performance
- **High dexterity:** Thin, flexible liner ensures excellent control and tactility in daily use
- **Lightweight design:** HyFlex 11-518 gloves feature a seamless liner for a near barehanded feel and enhanced comfort
- **Advanced cut protection:** Dyneema® Diamond Technology fiber delivers ANSI/ISEA 105-2024 CUT A2 and EN ISO cut level B protection
- **Enhanced comfort:** D3 Pinky Knitting aligns with natural hand contours for improved fit and wearability

* Comparison is based on Ansell lab tests under standardized conditions in December 2025 versus similar competitive gloves. Results may vary by application.

Industries

- Automotive
- Machinery and Equipment
- Infrastructure Maintenance

Applications

- Press injection molding
- Picking, fastening components
- Handling incoming goods
- Final assembly
- Assembly & inspection of components
- Applying finish to materials, products

HyFlex™
