

MICRO-TOUCH® Nitrile E.P.

Performance Series

Durable design with an extended cuff for high-risk protection within healthcare environments

- **Enhanced grip:** Textured for better grip in both wet and dry clinical settings
- **Added protection:** The extended 295mm/11.6" cuff provides added protection over the wrist and forearm
- **Barrier and chemical protection:** Offering effective barrier protection against punctures and a wide range of chemicals
- **Reduced allergy risk:** Prevents latex Type I allergies
- **Specialized protection:** Tested for use with chemotherapy drugs*

*see product packaging for details

Recommended For

- Tested for use with chemotherapy drugs
- Extra protection over the wrist and arm
- Protection from Type I latex allergy in HCW's or patients
- Sustained, high-risk examination procedures

FEATURED TECHNOLOGIES

MICRO-TOUCH™ Everyday, Everywhere Protection

MICRO-TOUCH™ premium medical examination gloves are scientifically designed to complement every need of medical professionals. Sophisticated design features include Ansell ergonomic technologies that ensure comfort during extended procedures, wet grip innovations that prevent harmful mishandling, and micro-thin films for maximum sensitivity. Caregivers who are fully prepared and comfortably protected by versatile MICRO-TOUCH styles have the peace of mind to focus on what matters most: the health and protection of themselves and their patients.
