

Strong nitrile gloves with extra thickness for additional protection

- **Tear-resistant:** MICROFLEX™ N21 disposable gloves feature an extra-thick nitrile design — 5 mil thick at the palm, these strong, blue nitrile gloves resist tearing even during the toughest jobs
- **Secure grip:** Excellent for active jobs which require workers to firmly grip tools, equipment and other objects, these gloves are fully textured to prevent accidental drops
- **Food handling compliance:** These latex-free exam gloves are suitable for a wide range of food-handling applications, particularly for food processing workers in contact with rough edges like bones or frozen foods
- **Medical exam grade:** These gloves are also medical exam grade, and can be used by doctors, nurses, physician's assistants and other healthcare or dental professionals in need of sturdy, durable exam gloves for jobs like equipment cleaning or office disinfection
