## Goatskin leather protectors, for enhanced low-voltage glove life and improved hand safety

- **Reinforced protection:** ActivArmr® 96-002 protectors are made from premium goatskin leather, enhancing hand safety when conducting electrical work with (or close to) energized components, while offering moderate abrasion, puncture and cut resistance
- **Improved durability:** Designed to be worn over Class 0 & 00 electrical safety gloves, these leather protectors can significantly extend wear life
- **Assured effectiveness:** ActivArmr® 96-002 leather protectors meet ASTM D120 and EN 60903 standards, for personal protection you can truly depend on
- **Heightened dexterity:** Their leather formulation also offers excellent dexterity, for genuinely easy-to-use electrical PPE

### Industries

- Electrical
- Industrial
- Automotive
- Automotive Aftermarket
- Manufacturing

### Applications

- Energized Electrical
- Electrical
- Maintenance

### Key Features

- **Robust goatskin leather:** Abrasion, puncture and cut resistance
- **Protective design:** For electrical insulated gloves\* that last longer
- **ASTM D120 and EN 60903 compliance:** Assured effectiveness  
\*suitable for wear over Class 0 & 00 electrical safety gloves

### Performance Standards & Regulatory Compliance
