

Cold

Medium Duty

## Waterproof cold-resistant gloves, keeping hands warm and dry with grip and flexibility

- **Specialized defenses:** ActivArmr® 97-681 cold weather work gloves feature a PVC foam coating that remains flexible in temperatures as low as -25°C/-15°F, providing frostbite protection and moderate cut resistance
- **Advanced protection:** Designed with a RIPEL™ Technology liquid-repellent surface barrier, these work gloves are also liquid-proof, for warm, dry hand protection
- **Elevated comfort:** ActivArmr® 97-681 safety gloves combine a PVC-coated nylon exterior with a soft, insulative acrylic interior, for comfort and warmth
- **Optimized thickness levels:** They are also thin enough to handle small components with dexterity, without compromising hand safety
- **Food handling compliance:** Ideal food handling gloves, they meet relevant food processing and hygiene standards

### Industries

- Food Processing
- Infrastructure Maintenance
- Energy

### Applications

- Cold Storage
- Sanitation
- Drilling / Extraction
- Production Services / Processing

### Key Features

- **PVC coating:** Grip and flexibility even in the coldest temperatures
- **RIPEL™ Technology:** For truly waterproof industrial gloves
- **Two-layer design:** Protecting hands while providing comfort and warmth

### Performance Standards & Regulatory Compliance
