

## Electrical Insulating Gloves Class 1 – RIG114Y

Durable, flexible electrical protection gloves,  
ensuring hand protection with fitted comfort

Previously known as: E017Y

Electrical

Medium Duty

## Electrical protection gloves that deliver assured, comfortable protection\*

- **Heightened durability and flexibility:** ActivArmr® Electrical Insulating Gloves Class 1 – RIG114Y are latex-made, via an environmentally friendly dipping process, for truly durable, flexible electrical PPE
- **Advanced ergonomics:** These insulated rubber gloves' non-splayed fingers and hand-at-rest design minimize hand fatigue
- **Elevated comfort:** A flared cuff means plentiful room for clothing and ventilation
- **Increased practicality:** Their smooth finish makes for easy donning and doffing
- **Specialized defenses:** They are arc flash certified (APC 2 in combination with 96-003 leather protectors), can withstand a touch voltage AC maximum of 7500 V (DC maximum 11250), while also protecting users against acid, ozone and very low temperatures\*
- **Certified protection:** As electrical PPE, they also satisfy applicable CSA, NFPA and OSHA standards  
\*Category A, Z and C respectively

### Industries

- Automotive
- Electrical
- Construction
- Machinery and Equipment
- Mining

### Applications

- Applications with risk of touch voltage
- Electrical Contractors
- Hybrid engine manufacturing and repair
- Maintenance Repairs and Operations in all industrial environments (MRO)
- Mass Transit Repair and Maintenance
- Power maintenance, repair & transmission
- Telecom repair near electrical wires

## Electrical Insulating Gloves Class 1 – RIG114Y

Durable, flexible electrical protection gloves,  
ensuring hand protection with fitted comfort

Previously known as: E017Y

### Key Features

- **Natural rubber latex formulation:** Assured durability and flexibility
- **Ergonomic design:** Minimized hand fatigue, maximized comfort
- **Generous flared cuff:** Plentiful room for both clothing and ventilation  
\*Arc flash certified as per IEC 614821-2:2014 and ASTM F2675:2021 standards

### Performance Standards & Regulatory Compliance

In-house testing

EN388: 2016

3122B
