

## 04-005

Heavyweight PVC supported glove with better comfort

# Robust, long-cuffed PVC gloves, offering grip, comfort and chemical resistance

- Heightened protection: With their special PVC and nitrile formulation, AlphaTec® 04-005 protective gloves blend high-level chemical resistance\*, abrasion protection and sustained flexibility, even at low temperatures
- Food handling compliance: These latex-free industrial gloves also satisfy FDA and EU food processing and hygiene norms, resulting in ideal food safety gloves for a variety of applications
- Increased comfort: Thanks to their 13-gauge seamless cotton design, they offer an excellent balance between personal protection and user comfort
- Enhanced features: These AlphaTec® gloves' foam grip design guards against oil and grease, while maintaining superb grip in wet and oily environments, and their 38cm/15" glove length further enhances wearer protection
- Advanced ergonomics: In addition, their ergonomic hand shape further enhances wearer comfort and makes them easy to use over a prolonged period

\*6 chemicals certified (JKLMPT) out of 18 EN ISO 374:2016; an additional 5 chemicals (AFNOS) have achieved a permeation level 2 or higher in an accredited lab
