

# MICRO-TOUCH™ Nitrile (White)

Standard Thin

## White nitrile medical exam glove with textured fingertips

- **Heightened tactility:** Due to its lightweight design, this glove provides enhanced tactility and dexterity
- **Reduced allergy risk:** Nitrile material prevents Type I (latex) allergies
- **Smart packaging:** 150-count packaging reduces waste
- **Secure grip:** Textured fingertips ensures secure handling of medical instruments
- **Easy donning and doffing:** The polymer inner coating reduces friction for easy donning and doffing
- **Specialized protection:** Tested and approved for use with chemotherapy drugs\*

\*see product packaging for details

### Recommended For

- Tested for use with chemotherapy drugs
- Standard, moderate risk examination procedures
- Protection from Type I latex allergy in HCW's or patients
- Environmentally friendly facilities

### FEATURED TECHNOLOGIES

## MICRO-TOUCH™ Everyday, Everywhere Protection

MICRO-TOUCH™ premium medical examination gloves are scientifically designed to complement every need of medical professionals. Sophisticated design features include Ansell ergonomic technologies that ensure comfort during extended procedures, wet grip innovations that prevent harmful mishandling, and micro-thin films for maximum sensitivity. Caregivers who are fully prepared and comfortably protected by versatile MICRO-TOUCH styles have the peace of mind to focus on what matters most: the health and protection of themselves and their patients.
