

## Extra-long disposable gloves for superior product and worker protection

- **Extended chemical protection:** MICROFLEX™ 93-243 gloves feature an extra-long cuff to shield more of your arm and provide excellent chemical splash protection — ideal for laboratory and pharmaceutical manufacturing, as well as food processing workers
- **Reduced allergy risk:** Manufactured without accelerators, helping to protect users from Type IV skin allergies
- **Ultra-long cuff design:** MICROFLEX™ 93-243 gloves feature an elbow-length cuff designed to prevent roll-down and minimize the risk of cross-contamination
- **Secure grip:** The textured palm and fingers of these gloves results in a more confident, secure grip of instruments and glassware
- **Product protection:** To prevent contamination and protect product integrity, these gloves are packed in polybags

### Industries

- Food Processing
- Life Sciences

### Recommended For

- Enhanced tactile sensitivity and dexterity, especially for delicate procedures

## TECHNICAL DATA SHEET
