

SANDEL[™] 4-IN-1[™] MARKER

NEVER EVENT PROTECTION

A dual-tip marker for surgical site marking and medication labeling, all in one

- **Ergonomic design:** The SANDEL[®] 4-in-1[™] Marker features a chiseled tip with gentian violet-free ink on one end, which allows it to create fine, medium and broad lines to mark the correct surgical site on a patient's skin before a procedure, and permanent marker for medication labeling on the other
- **Enhanced safety:** This disposable skin marker has a triangular barrel, which prevents rolling during a surgical procedure, improving personal protection
- **Enhanced features:** Available in sterile and non-sterile versions, the SANDEL[®] 4-in-1[™] Marker comes in bright orange for high visibility and includes a TIME OUT[™] Sleeve, which complies with the Joint Commission's Universal Protocol for preventing wrong-site surgery

SANDEL™ 4-IN-1™ MARKER
