

Durable, comfortable protective apron, offering a multi-layer barrier against numerous chemicals.

- **Specialized protection:** This AlphaTec™ chemical-protective apron features a multi-layer fabric that protects against various inorganic chemicals and biological hazards
- **Increased visibility:** Thanks to its bright yellow color, it ensures highly noticeable personal protection, enhancing workplace safety and safeguarding worker welfare
- **Enhanced comfort:** An extremely light protective apron, the AlphaTec™ 3000 Apron - Model 213 remains highly comfortable, even with extended wear
- **Improved durability:** Its multi-layer fabric construction also means this chemical-resistant apron withstands wear and tear

Industries

- Mining
- Energy
- Chemical
- Food Processing
- Automotive Aftermarket
- Infrastructure Maintenance

Applications

- Unexpected leakages spills or other releases
- Transferring liquids and solids between vessels and tanks and process equipment
- Product inspection
- Opening and draining pumps valves or lines
- Loading and unloading trucks and vehicles
