AlphaTec™

39-122

Strong mechanical performance and good chemical protection for a wide range of applications

Previously known as: Sol-KnitTM 39-122

Durable, reinforced nitrile gloves, offering chemical protection with advanced comfort

- **Improved durability:** AlphaTec™ 39-122 industrial gloves' reinforced nitrile composition provides enhances durability, meeting ANSI/ISEA 105-2024 and EN ABRASHION LEVEL 4 standards
- **Specialized protection:** The same reinforced nitrile make-up ensures light chemical defenses, with EN 374 Type B chemical resistance
- **Elevated comfort:** These AlphaTec™ gloves' natural shape and interlock cotton liner ensure advanced user comfort, with reduced perspiration
- **Reduced strain:** AlphaTec™ 39-122 safety gloves' curved, pre-flexed fingers and wing thumbs lead to lesser strain and hand fatigue
- **Food handling compliance:** They also comply with EU and FDA food handling regulations
- **Genuine versatility:** Their dexterity and high levels of wet and dry grip ensure safe handling for varied applications

Industries

- Automotive Aftermarket
- Metal fabrication
- Automotive

Applications

- Production line support & maintenance
- Handling materials with sharp or rough edges
- Equipment repair & maintenance
- Adjusting panels parts components
- Assembly and disassembly of equipment

AlphaTec™

39-122

Strong mechanical performance and good chemical protection for a wide range of applications

Previously known as: Sol-KnitTM 39-122

Key Features

- **Reinforced nitrile composition:** Durability and chemical protection
- **Interlock cotton liner:** For PPE gloves offering advanced comfort
- **Pre-flexed fingers and wing thumbs:** Reduced hand fatigue and strain
