

ENCORE[®] Latex Moisturizing

S U R G I C A L G L O V E S

Latex, powder-free surgical glove with a built-in moisturizer

KEY FEATURES AND BENEFITS:

- Contains glycerol and dimethicone as moisturizing agents to help retain moisture and rehydrate skin
- Ideal thickness to optimize tactile sensitivity and protection
- Proprietary glove formulation delivers a soft yet a robust surgical glove
- The DERMASHIELD™ Technology internal coating together with the built-in moisturizer, facilitates dry and damp donning as well as intra-operative changes

CAUTION: Safe use of these gloves by latex-sensitized individuals has not been established. This product contains natural rubber latex, which may cause allergic reactions.

Recommended For

- Damp donning
- Extra comfort during long, sustained procedures
- Use as an underglove when double gloving
