

2000 STANDARD - Model 111

Superior, breathable microporous laminate protective suit, perfected for industrial applications

Previously known as: MICROGARD® 2000 STANDARD - Model 111

Superior, breathable microporous laminate suit, perfected for industrial applications.

- Specialized protection: The AlphaTec[®] 2000 STANDARD Bound - Model 111 grants wearers moderate chemical protection*, resisting liquid and particulate biological hazards (including radioactive particulates**)
- Added defenses: This protective body suit also meets EN 14126 and ASTM F1670/1671 standards for bloodborne pathogen protection and DIN 32781 requirements for pesticide resistance
- Advanced breathability: The use of microporous polyethylene laminate nonwoven fabric makes it water vapor-permeable, reducing heat stress
- Assured antistatic capabilities: In addition, this protective suit satisfies EN 1149-5 antistatic standards
- Reduced cross contamination risks: Low-linting fabric lessens cross contamination risk in critical areas
- Limited allergy and surface defect risks: Latex- and silicone-free by design, risks of Type IV latex allergies or contaminant transfer to metal when spray-painting are minimized
- Enhanced fit and features: This chemical-protective suit's optimized fit and finger loops enhance comfort and user-friendliness, while a three-piece hood provides added protection and a two-way front zipper with resealable storm flap enhance practicality

*CE Category III Type 5/6 protection **in accordance with EN 1073-2 standards

Industries

- Life Sciences
- Automotive
- Metal fabrication
- Food Processing
- Defense
- Agriculture
- Automotive Aftermarket
- Chemical
- **Emergency Medical** Services
- Machinery and Equipment

- Oil and gas
- Utilities

Applications

- Clean room cleaning and preparing
- Production line support & maintenance
- Maintenance of plant and machines
- Veterinary ServicesCleaning of plant and machines

KEY FEATURES & BENEFITS

- **Protective barrier:** Enhanced personal protection
- Microporous laminate fabric: Reduced risk of heat stress
- EN 14126 and ASTM F1670/1671-certified: Resists bloodborne pathogen

Product Information

| Product Information | |
|---------------------|--|
| Available Sizes | S, M, L, XL, 2XL, 3XL, 4XL, 5XL, XS, 6XL, 7XL, 8XL |
| Color | White, Green |
| Country Of Origin | China, Sri Lanka |
| Models Available | 102, 103, 113, 122, 162 |
| Packaging Overview | Individually Packed |
| Product Material | Microporous polyethylene Laminate non-woven |
| Product Reference | 2000 STANDARD - Model 111 |
| Seam Type | Bound |
| Shelf Life | 5 years |
| Style Number | W20B111, G20B111 |
