

NFPA 2112 certified Jacket is breathable, re-usable and resistant to chemical splash, flash fire and hot liquids.

- **Specialized protection:** The AlphaTec™ Breathable FR Jacket 66-650 features chemical splash fabric, which provides splash protection against chemicals. Added protection: This flame-resistant jacket provides excellent personal protection against flash fires and hot liquids. It is designed to prevent sparks that could ignite flammable materials.
- **Advanced features:** As it has sealed seams and a double front storm flap, it ensures leak-tight protection from chemical sprays
- **Maximized durability:** With its laminated fabric system, the AlphaTec™ Breathable FR Jacket 66-650 is machine washable, granting a longer, cost-effective service life
- **Elevated comfort:** Its breathable fabric maximizes comfort, reducing the risk of heat stress and increasing productivity
