## 11-939

Fully coated, oil-repellant cut protection gloves

Oil

Cut

Ergonomic Protection

Light Duty

## Fully hand-coated, oil-repellent gloves with cut protection and maximum liquid coverage

- **RIPEL™ liquid repellence:** Full coating helps repel oil and liquids to reduce skin contact during handling
- **Secure grip:** ANSELL GRIP™ Technology enhances control when working with oily components
- **Touchscreen compatibility:** Enables use of devices without removing gloves, supporting uninterrupted workflow
- **Full coating design:** Provides maximum liquid barrier for increased protection in high-exposure environments
- **Optimized ergonomics:** ZONZ™ Comfort Fit design helps reduce hand fatigue during extended use
- **Cut protection:** Provides reliable cut protection for high-exposure oily handling environments requiring full-hand coating coverage

### Industries

- Automotive
- Machinery and Equipment
- Emergency Medical Services
- Chemical

### Applications

- Inspection, selecting, checking parts
- Assembly & inspection of components
- Picking, fastening components
- Chassis assembly, body trimming
- Adjusting parts, systems
- Delivery of parts to production line
- Equipment repair & maintenance
- Engine transmission and repair
- Oil, fluids and filter change
- Inspection (picking, checking and marking)
- Press shop operations
