

MEDI-GRIP® PF

SURGICAL GLOVES

Latex, powder-free reliable surgical glove with a comfortable fit.

KEY FEATURES AND BENEFITS:

- Made with Ansell's unique anatomic formers to enhance comfort and fit to help reduce hand fatigue
- Exclusive manufacturing processes to ensure low residues of both latex proteins and chemical accelerators to minimize the risk of developing latex Type I and chemical Type IV allergies and skin sensitivities
- A chlorination treatment applied to the glove helps make donning easy
- Straight cuff provides a secure hold on the gown
- Smooth with micro-textured finish for secure instrument handling and grip

CAUTION: Safe use of these gloves by latex-sensitized individuals has not been established. This product contains natural rubber latex, which may cause allergic reactions.

Recommended For

- Sterile procedures in the O.R.
- Use as an outer glove when double gloving
- Brief, low-risk examination procedures
- Extra comfort during long, sustained procedures

FEATURED TECHNOLOGIES
