

Micro-Touch Nitrile Sterile XTRA

H i g h R i s k

Nitrile, accelerator-free exam gloves with extra-long cuff for short sterile procedures

- **Sterile:** Packaged as a pair of sterile gloves per pouch, they are an ideal solution for a range of sterile medical exam (non-surgical) procedures
- **Extended protection:** MICRO-TOUCH™ Nitrile Sterile XTRA medical exam gloves provide up-to-the-elbow protection for added safety assurance during high-risk procedures
- **Made without accelerators:** Helps protect users from Type IV skin allergies
- **Specialized protection:** Tested and approved for use with chemotherapy drugs*
- **Secure cuff design:** Prevents the glove cuff from rolling down during use

**Contact Ansell Customer Service for specific chemotherapy drug permeation times and recommendations.*

Recommended For

- Biohazard response
- General Laboratory Tasks
- Laboratory analysis
- Maternal care
- Preventing the risk of cross-contamination
- Sterile procedures outside of the O.R.

FEATURED TECHNOLOGIES

MICRO-TOUCH™ Everyday, Everywhere Protection

MICRO-TOUCH™ premium medical examination gloves are scientifically designed to complement every need of medical professionals. Sophisticated design features include Ansell ergonomic technologies that ensure comfort during extended procedures, wet grip innovations that prevent harmful mishandling, and micro-thin films for maximum sensitivity. Caregivers who are fully prepared and comfortably protected by versatile MICRO-TOUCH styles have the peace of mind to focus on what matters most: the health and protection of themselves and their patients.

Micro-Touch Nitrile Sterile XTRA

High Risk
