

Cut

Medium Duty

Medium-duty safety gloves with a firm grip, ensuring greater cut and abrasion protection

- **Varied capabilities:** Besides providing excellent cut and abrasion protection and a firm grip, especially in dry and slightly oily environments, EDGE™ 48-702 microfoam nitrile gloves also ensure higher tactile sensitivity and dexterity compared to foam nitrile gloves
- **Safety compliance:** Combining quality and affordability, these cost-effective protective gloves boast EN 420 (general requirements) and EN 388 (mechanical hazards) safety standard compliance
- **Optimized comfort:** Featuring a seamless liner and a coated palm that is thinner than most comparable NBR gloves, EDGE™ 48-702 industrial gloves' breathable coating keeps hands cool and dry
- **Food handling compliance:** Composed of FDA-compliant materials, these safety gloves are suitable for handling and packaging food

Industries

- Automotive
- Metal fabrication
- Energy

Applications

- Handling slightly oily metal parts and sheets
- General maintenance
- Assembling metal parts and components

Key Features

- ♦ **Microfoam nitrile coating:** For work gloves with grip and dexterity
- ♦ **Mechanical risk protection:** Conforms to EN 420 and EN 388 standards
- ♦ **Seamless design:** Comfortable, breathable and flexible work gloves

Performance Standards & Regulatory Compliance
