## Goatskin Leather Protector enhancing protection while preserving tactility and dexterity

- Designed for electrical professionals who demand both safety and precision, our Goatskin Leather Protector offers enhanced protection without compromising dexterity.
- Crafted from fire-resistant premium goatskin with a pinched fingertip design for a snug, tactile fit, it meets ASTM F696 and EN388 standards—delivering durable, compliant performance with all-day comfort.

### Industries

- Automotive
- Automotive Aftermarket
- First Responders
- Electrical
- Manufacturing
- Utilities
- Janitorial / Sanitation

### Applications

- Electrical Contractors
- Electrical and Hybrid vehicle manufacturing
- Telecom

### Key Features

- **Improved tactility and dexterity:** Pinched fingertip design ensures a precise fit with the updated form of ULW Electrical Low Voltage Gloves
- **Reinforced protection:** Made from premium goatskin leather, composed of fire-resistant materials that enhance hand safety when conducting electrical work with (or close to) energized components
- **All round compliance:** Meet ASTM F696 Leather Protector standard with an EN388 level 2X21X offering abrasion, puncture and tear resistance
- **Improved Comfort:** Plastic buckle for a snug fit and inside stitching for an invisible stitch
