

Chemical & Liquid

Medium Duty

CE-certified, PVC gloves combining chemical and mechanical resistance with superior grip (260mm/10" length)

- **Enhanced durability:** Fully-coated with PVC, EDGE[®] 14-662 safety gloves ensure greater flexibility and comfort, while protecting hands against chemical, mechanical and biological hazards, in addition to delivering heat and abrasion resistance, and are thereby ideal for workers exposed to oil, grease, acid, caustics and alcohol
- **Optimized protection:** These durable work gloves feature a rough, non-slip finish on the palm, fingers and back of hand, enabling them to afford an outstanding grip in wet and oily conditions as they guard against abrasion
- **Reduced risks:** CE-certified, EDGE[®] 14-662 industrial gloves meet European safety, health and environmental protection requirements and are among the most cost-effective PVC work gloves available

Industries

- Oil and gas
- Chemical
- Manufacturing
- Infrastructure Maintenance
- Utilities

Applications

- Chemical processing and preparation
- Handling dry, wet or oily large objects
- Maintenance of plant and machines

Key Features

- **PVC coating:** Protective gloves with optimized flexibility and comfort
- **Non-slip finish:** Gloves with grip enhanced by rough, non-slip surface
- **CE-certified:** For assured safety and high-quality work gloves

Performance Standards & Regulatory Compliance
