

**48-702** Medium Duty Cut Resistant Industrial Gloves

# Medium-duty safety gloves with a firm grip, ensuring greater cut and abrasion protection

- Varied capabilities: Besides providing excellent cut and abrasion protection and a firm grip, especially in dry and slightly oily environments, EDGE<sup>®</sup> 48-702 microfoam nitrile gloves also ensure higher tactile sensitivity and dexterity compared to foam nitrile gloves
- Safety compliance: Combining quality and affordability, these cost-effective protective gloves boast EN 420 (general requirements) and EN 388 (mechanical hazards) safety standard compliance
- Optimized comfort: Featuring a seamless liner and a coated palm that is thinner than most comparable NBR gloves, EDGE<sup>®</sup> 48-702 industrial gloves' breathable coating keeps hands cool and dry
- Food handling compliance: Composed of FDAcompliant materials, these safety gloves are suitable for handling and packaging food

#### Industries

- Automotive
- Machinery and Equipment
- Metal fabrication
- Oil and gas

#### Applications

- Handling slightly oily metal parts and sheets
- Assembling metal parts and components
- General maintenance

## **Key Features**

- Microfoam nitrile coating: For work gloves with grip and dexterity
- Mechanical risk protection: Conforms to EN 420 and EN 388 standards
- Seamless design: Comfortable, breathable and flexible work gloves

#### **Performance Standards & Regulatory Compliance**
