

Previously known as: Bulk Pack Yellow 376

Extra thin, light-duty natural rubber work gloves delivering excellent tactile sensitivity

- **Optimized sensitivity:** Composed of natural rubber latex, AlphaTec® 87-376 ultra-thin chemical-resistant gloves possess a 0.35mm thickness, which results in superior tactile sensitivity, and is particularly suited for light-duty tasks
- **Elevated comfort:** These hand protection gloves are supported by pure cotton flock lining that delivers comfort and reduces hand fatigue
- **Increased tactility and practicality:** Extra lightweight and economical, AlphaTec® 87-376 rubber gloves are suitable for diverse applications and offer an excellent price/quality ratio
- **Added protection:** In addition, these yellow protective gloves are specially treated with chlorine to reduce the risk of allergic reactions

Industries

- Janitorial / Sanitation
- Maintenance
- Manufacturing
- Automotive

Applications

- Cleaning
- Light assembly tasks
- Janitorial use
- Maintenance
