

Electrical

Durable, form-fitting electrical safety gloves, offering flexible, comfortable hand protection

- **Heightened flexibility and durability:** ActivArm® Electrical Insulating Gloves Class 4 – RIG418YBBC are made from natural rubber latex (through an eco-conscious dipping process), for electrical safety gloves that are both durable and flexible
- **Advanced ergonomics:** These insulated rubber gloves' non-splayed fingers and hand-at-rest design minimize hand fatigue
- **Elevated comfort:** A spacious flared cuff ensures plentiful room for clothing and ventilation
- **Increased practicality:** A smooth, case-hardened finish makes for easy donning and doffing
- **Certified protection:** As electrical PPE, they also comply with relevant CSA, NFPA and OSHA standards

Industries

- Construction
- Electrical
- Infrastructure Maintenance
- Machinery and Equipment

Applications

- Applications with risks that involve heat, cuts and abrasions
- Electrical Contractors
- Hybrid engine manufacturing and repair
- Mass Transit Repair and Maintenance
- Power maintenance, repair & transmission
- Telecom repair near electrical wires

Bi-Color Electrical Insulating Gloves Class 4 – RIG418YBBC

Ergonomically designed natural rubber insulating gloves for all-day safety and comfort

Key Features

- **Natural rubber latex formulation:** Flexibility and durability ensured
- **Ergonomic design:** For hand protection with minimal fatigue
- **Generous flared cuff:** Ideal space for clothing and ventilation

Performance Standards & Regulatory Compliance
