

# Electrical Insulating Gloves Class 2 - RIG216Y

Ergonomically designed natural rubber insulating gloves for all-day safety and comfort

Previously known as: E008

Flectrical

## Sturdy, high-voltage electrical protection gloves offering flexible and comfortable hand protection

- Heightened durability and flexibility: ActivArmr®
   Electrical Insulating Gloves Class 2 RIG216Y are
   manufactured from natural rubber latex, via an
   environmentally friendly dipping process, ensuring
   durable, flexible protection
- Advanced ergonomics: These electrical insulated gloves' non-splayed fingers and hand-at-rest form also ensure lesser hand fatigue
- Elevated comfort: Thanks to a flared cuff design, these electrical protection gloves ensure ample room for clothing and remain ventilated
- Specialized defenses: They can also tolerate a touch voltage of AC≥17000 V (DC≥25500)
- Increased practicality: For easier donning and doffing, they have a smooth, case-hardened finish
- Certified protection: They boast EN Category R certification\*, Class 2 arc flash protection\*\* and resist very low temperatures\*\*\*, while also satisfying relevant CSA, NFPA and OSHA standards
  - \*for passing A+Z+H properties (as required by EN standards)
  - \*\*in accordance with EN 61482-1-2
  - \*\*\*Category C

#### Industries

- Automotive
- Electrical
- Construction
- Mining
- Machinery and Equipment

#### **Applications**

- Applications with risk of touch voltage
- Electrical Contractors
- Hybrid engine manufacturing and repair
- Maintenance Repairs and Operations in all industrial environments (MRO)
- Mass Transit Repair and Maintenance
- Power maintenance, repair & transmission
- Telecom repair near electrical wires

### **Electrical Insulating Gloves Class 2 -RIG216Y**

Ergonomically designed natural rubber insulating gloves for all-day safety and comfort

Previously known as: E008

#### **Key Features**

- Natural rubber latex formulation: Inherently durable and flexible
- Ergonomic design: Greater dexterity and comfort, lesser hand fatigue
- Generous flared cuff: Added breathability and room for clothing

#### **Performance Standards & Regulatory Compliance**

In-house testing

X232C
