

HyFlex™

11-844

Second-skin design for precision handling

Multi Purpose

Light Duty

Boosts precision and productivity with exceptional second-skin comfort and tactile control

- **Second-Skin Design:** Engineered with AEROFIT™ Technology, an innovative, flexible foam nitrile coating delivering improved control and tactility – **85% of glove wearers reported improved fingertip control and tactile sensitivity***.
- **Premium Comfort:** **85% of professionals chose to wear HyFlex 11-844 all-day for precision handling tasks***.
- **Proven Productivity:** Users wearing HyFlex 11-844 safety gloves completed precision tasks **25% faster***.
- **Certified Skin Safety:** HyFlex gloves are dermatologically tested, free from harmful substances. Each pair is post-washed to remove impurities for clean, skin-safe wear.
- **Touchscreen Compatibility:** Allows seamless use with most touchscreen devices, eliminating the need to remove gloves.

* Based on a survey of 52 glove wearers comparing Ansell gloves to competitive gloves available on the market (May 2025)

Industries

- Automotive
- Aerospace

Applications

- Assembly of small parts
- Equipment repair & maintenance
- Applying finish to materials, products
