Made tough to outlast most ordinary neoprene-coated gloves

- The 19-938 style provides premium quality for maximum protection when handling oils, acids, caustics and many solvents. It provides durability and a good grip for wet surfaces, thanks to its rough finish dipping.

Industries
- Automotive
- Machinery and Equipment

Applications
- Use of cleaning tools and robotic equipment
- Painting or cleaning tools or robots
Key Features
- Premium quality protection against oils, acids, caustics and many solvents
- Dipped rough finish for easier and safer handling of wet surfaces
- Fabric lining improves snag, cut, abrasion and puncture resistance
- Complies with FDA food handling requirements (21 CFR 177.2600)
