Workers exposed to oil, grease, acid, caustics and alcohol require reliable protection to keep their hands safe.

A rough finish protects against abrasions while offering excellent grip, even in wet and oily conditions.

The flexibility and comfort of EDGE gloves lead to less hand fatigue and better worker efficiency.

High quality CE certified oil repellent PVC coating glove.

- Workers exposed to oil, grease, acid, caustics and alcohol require reliable protection to keep their hands safe.
- A rough finish protects against abrasions while offering excellent grip, even in wet and oily conditions.
- The flexibility and comfort of EDGE gloves lead to less hand fatigue and better worker efficiency.
Key Features

- The EDGE range offers a greater flexibility, when compared to other models in its category
- The highly cost-effective chemical protection PVC glove
- Combines an excellent protection against several chemical products with mechanical resistance
- Non-slip finish on the palm, fingers and back of hand, for a better grip on wet objects
- Also protects against biological agents
