Latex, powder-free surgical glove with a comfortable, natural fit and feel

KEY FEATURES AND BENEFITS:
- Proprietary glove formulation delivers a soft and sensitive yet robust surgical glove
- Unique, anti-slip smooth external surface treatment for good instrument handling and grip
- The DERMASHIELD™ Technology internal coating facilitates dry and damp donning as well as intra-operative changes
- Tested for use with chemotherapy drugs*

CAUTION: Safe use of these gloves by latex-sensitized individuals has not been established. This product contains natural rubber latex, which may cause allergic reactions.

*Contact Ansell Customer Service for specific chemotherapy drug permeation times and recommendations.

Recommended For
- Tested for use with chemotherapy drugs
- Extra comfort during long, sustained procedures
- Damp donning
- Use as an outer glove when double gloving
