

# 87-900

Heavyweight glove with reliable protection against a wide range of chemicals

Previously known as: Bi-Colour 87-900

# Two-toned double-dipped rubber and neoprene gloves, offering superior chemical resistance

- Heightened protection: AlphaTec® 87-900 protective gloves' combination of latex and neoprene ensures protection against a wide range of hazardous chemicals
- Improved durability: Thanks to 0.68mm/27 mil thickness, these two-toned safety gloves are especially durable and robust, making them suitable for various heavy-duty applications
- Increased comfort: These AlphaTec® industrial gloves also feature high-quality 100% cotton flock lining, reducing the potential for skin irritation and protecting wearers in comfort
- Enhanced grip: Designed with a honeycomb grip pattern, these heavy-duty work gloves ensure firm, confident grip in both wet and dry conditions
- Assured quality: In addition, they boast an AQL of 1.5
