

# HyFlex™

## 74-500

Highest cut level food certified glove

Cut

Medium Duty

## Highly cut-resistant ambidextrous industrial gloves, ideal for food handling applications

- **Advanced defenses:** HyFlex™ 74-500 safety gloves' liner blends fiber glass, stainless steel, HPPE, polyamide, and polyester with INTERCEPT™ Cut Resistance Technology, for advanced 360° protection
- **Improved durability:** These abrasion-resistant gloves remain durable and maintain performance levels even with repeated laundering, while also masking stains thanks to their blue color, extending overall wear life
- **Food handling compliance:** Compliant with FDA food handling regulations 21 CFR 177.1520 and 21 CFR 177.2600, these HyFlex™ gloves are suited to various food processing applications
- **Genuine practicality:** Comfortable by nature, they also boast an ambidextrous design, for greater everyday ease of use

### Industries

- Food Processing

### Applications

- Dairy Processing
- Fruit and Vegetable Processing
- Poultry Processing

# HyFlex™

## 74-500

Highest cut level food certified glove

### Key Features
