

High-performance blue nitrile gloves with superb grip, specially designed for food handling

- **Heightened flexibility:** AlphaTec® 37-510 food handling gloves' nitrile formulation ensures excellent flexibility and dexterity, even at lower temperatures
- **Improved durability:** The same nitrile formulation ensures advanced abrasion resistance and far superior mechanical properties to standard rubber alternatives
- **Enhanced grip:** UltraGrip™ Technology, with a raised diamond finish, delivers excellent grip performance in wet or greasy conditions
- **Minimized allergy risks:** AlphaTec® 37-510 hand protection gloves are also 100% latex-free by design, eliminating the risk of Type I latex allergies
- **Food handling compliance:** Complying with relevant food processing standards, they are suited to varied food handling applications

Industries

- Food Processing

Applications

- Defeathering and skinning
- Primary cutting
- Deboning
- Slicing, cutting and shopping
- Steaming, frying and roasting
- Marinating
- Packing of fillets and ground meat
- Storing packed meats

Previously known as: VersaTouch® 37-510

Key Features

- **Flexible nitrile coating:** Excellent dexterity and abrasion resistance
- **UltraGrip™ Technology with raised diamond finish:** Superb grip levels
- **100% latex-free design:** Minimized Type I latex-related allergy risks

Vulcanization Chemical Accelerators

- Zinc Dibutyldithiocarbamate

Only a very small number of users may be sensitive to this ingredient(s) and hence may develop irritant and/or allergic contact reactions.
