EDGE®
INDUSTRIAL WORK GLOVES

48-707

Medium duty cut protection industrial glove

Cut | MD Medium Duty

Affordable safety gloves, offering superb grip as well as cut and abrasion resistance

- **Advanced protection:** EDGE™ 48-707 cut and abrasion-resistant gloves provide ANSI cut level A6 and EN 388 ISO cut level F, which afford a very high level of cut protection
- **Heightened grip and dexterity:** Owing to their palm PU coating, these protective gloves combine good grip as well as dexterity, and are suitable for dry or slightly oily environments
- **Reduced risks:** In addition, EDGE™ 48-707 gloves meet electrostatic discharge protection needs and feature anti-static capabilities.
- **Added features:** These grey hand protection gloves also possess a seamless liner and knitted wrist, which deliver a secure fit for use in applications that require high cut resistance

Industries

- Automotive
- Metal fabrication

Applications

- Aeronautics
- Assembly line
- Assembling metal parts and components
- Handling sharp or irregular metal pieces
- Molding
- Plastic injections

EDGE®
INDUSTRIAL WORK GLOVES
