

Previously known as: PuretoughP1100

Multi Purpose

Light Duty

## Abrasion-resistant light-duty gloves, combining superb comfort and mechanical protection

- **Improved durability:** HyFlex® 11-421 multipurpose gloves have a strong polyurethane coating that meets ANSI/ISEA 105-2024 ABRASION LEVEL 4 and EN Abrasion Level 3 standards.
- **Increased environmental friendliness:** Their PU coating is manufactured using a water-based process that is kinder to the environment
- **Reduced surface defect risks:** These HyFlex® gloves' silicone-free design also limits the risk of contaminant transfer to metal prior to painting
- **Minimized health risks:** Their formulation is 100% DMF-free, keeping wearers out of harm's way
- **Elevated comfort:** Fine, stretchable stitches significantly augment comfort levels
- **Easy identification:** The green indicator button on these light-duty gloves signifies light cut resistance according to ANSI/ISEA 105-2024 A1 and EN ISO A standards

### Industries

- Automotive
- Machinery and Equipment

### Applications

- Picking, fastening components
- Final assembly

Previously known as: PuretoughP1100

### Key Features

- **Water-based polyurethane coating:** Durable, yet more eco-friendly
- **DMF- and silicone-free:** Fewer hazards, suitable for spray-painting
- **Fine, stretchable stitches:** For truly comfortable safety gloves

### Vulcanization Chemical Accelerators

- Natural rubber proteins (in knitwrist elastic)
- Zinc Diethyldithiocarbamate

Only a very small number of users may be sensitive to this ingredient(s) and hence may develop irritant and/or allergic contact reactions.

### Performance Standards & Regulatory Compliance
