

Cut

Medium Duty

Mechanical protection gloves granting superior cut resistance and optimal comfort

- **Heightened defenses:** HyFlex® 11-645 protective gloves leverage INTERCEPT™ Cut Resistance Technology to deliver 2x greater cut resistance*
- **Elevated comfort:** These cut-resistant gloves provide the fit and feel of lighter protection levels while meeting ANSI/ISEA 105-2024 CUT A4 and EN ISO D safety standards
- **Improved durability:** Owing to their skin-friendly PU coating**, these hand protection gloves afford superb durability for dry and slightly oily applications
- **Added feature:** In addition, these HyFlex® gloves allow wearer to use multiple touchscreen devices without having to remove their gloves
- **Reduced contamination risk:** As these industrial gloves are silicone-free, they prevent contaminant transfer to metal before painting
- **Guaranteed skin-friendliness:** HyFlex® 11-645 polyurethane gloves also possess Dermatest® and Oekotex certification

**Versus similar gloves made of standard HPPE yarn*

***Low DMF content <100ppm compared to industry standard <1000ppm*

Industries

- Automotive
- Machinery and Equipment
- Metal fabrication

Applications

- Assembly of sharp parts
- Handling metal sheets & panels
- Maintenance
- Inspection (picking, checking and marking)

HyFlex®

ADVANCED MECHANICAL PROTECTION

11-645

Trusted comfort with 2x more cut resistance*

Key Features

- **INTERCEPT™ Cut Resistance Technology:** Twice the cut resistance*
- **Lighter fit and feel:** Enhanced comfort for extended use
- **PU coating**:** High durability for dry and slightly oily applications

*Versus similar gloves made of standard HPPE yarn

**Low DMF content <100ppm compared to industry standard <1000ppm
