

# HyFlex™

## 48-101

Designed for light applications that require good levels of comfort and abrasion resistance

Previously known as: Sensilite®

Multi Purpose

Light Duty

## Black PU-coated multi-purpose gloves, designed for comfortable light-duty handling

- **Improved durability:** HyFlex™ 48-101 industrial gloves feature ANSI/ISEA and EN certified abrasion resistance for longer-lasting wear
- **Augmented dexterity:** Their thin, flexible nylon liner ensures optimal dexterity, for ease of use in daily applications
- **Black color:** The darker shade of these HyFlex™ gloves masks dirt, for extended glove life
- **Optimized tactility:** Equipped with thin palm-dipped polyurethane coating, HyFlex™ 48-101 safety gloves benefit from excellent tactile sensitivity, for precise handling in dry or slightly oily environments
- **Genuine versatility:** Lightweight, durable and tactile, these HyFlex™ gloves can be used for a variety of different applications

### Industries

- Automotive

### Applications

- Chassis assembly, body trimming
- Production line support & maintenance
- Equipment repair & maintenance
- Assembly and disassembly of equipment
- Loading and unloading rough parts or boxes
- Picking parts and accessories

# HyFlex™

## 48-101

Designed for light applications that require good levels of comfort and abrasion resistance

Previously known as: Sensilite®

### Key Features

- ♦ **Palm-dipped PU coating:** ANSI/ISEA and EN certified abrasion resistance
- ♦ **Thin nylon liner:** For comfort and dexterity in daily applications
- ♦ **Black color:** Dirt-masking PPE gloves, for long-lasting wear

### Vulcanization Chemical Accelerators

- Natural rubber proteins

Only a very small number of users may be sensitive to this ingredient(s) and hence may develop irritant and/or allergic contact reactions.

### Performance Standards & Regulatory Compliance
