

Protective overboots featuring superior breathable microporous laminate technology.

- **Heightened protection:** AlphaTec® 2000 STANDARD Overboots Bound – Model 414 provides superb personal protection from low-concentration liquid chemicals and liquid and particulate biological hazards
- **Maximized comfort:** Owing to its moisture vapor permeable fabric, these protective overboots are breathable, resulting in a lower risk of heat stress
- **Optimized ergonomics:** These form-fitting overboots also offer the wearer enhanced comfort and safety
- **Reduced contamination risks:** In addition, their low-lint design maximizes product protection

Industries

- Life Sciences
- Metal fabrication
- Food Processing

Applications

- Clean room cleaning and preparing
- Production line support & maintenance
- Maintenance of plant and machines
- Veterinary Services
- Cleaning of plant and machines
- Body painting including surface inspection

KEY FEATURES & BENEFITS

- **Protective barrier:** Protection from chemical and biological hazards
- **Moisture vapor permeable fabric:** Better heat stress prevention
- **Optimized fit:** Form-fitting safety footwear
