

Protective overshoes designed with superior breathable microporous laminate technology.

- **Advanced defenses** The AlphaTec™ 2000 STANDARD Overshoes Bound – Model 400 grants a proven protective barrier to low-concentration liquid chemicals, liquid and particulate biological hazards
- **Increased comfort:** This comfortable and breathable footwear is produced with fabric that is moisture vapor permeable, protecting workers from heat stress
- **Improved ergonomics:** In addition to offering chemical resistance, these overshoes afford an optimized fit, which enhances wearer comfort and safety
- **Reduced contamination risks:** Owing to its low-lint fabric, this safety foot covering presents lower contamination risks

Industries

- Life Sciences
- Automotive
- Food Processing

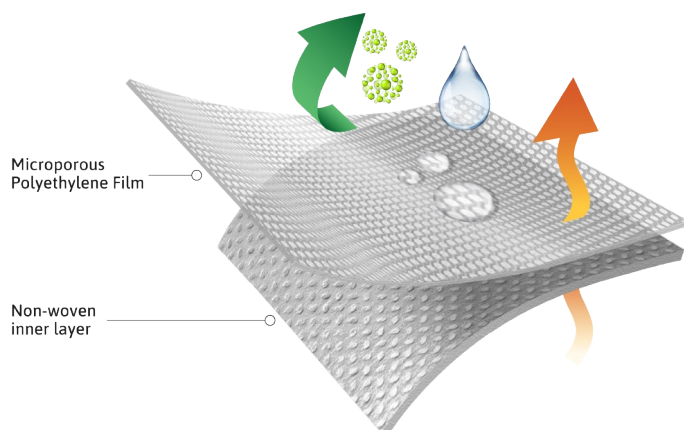

Applications

- Veterinary Services
- Production line support & maintenance
- Maintenance of plant and machines
- Clean room cleaning and preparing
- Cleaning of plant and machines
- Body painting including surface inspection

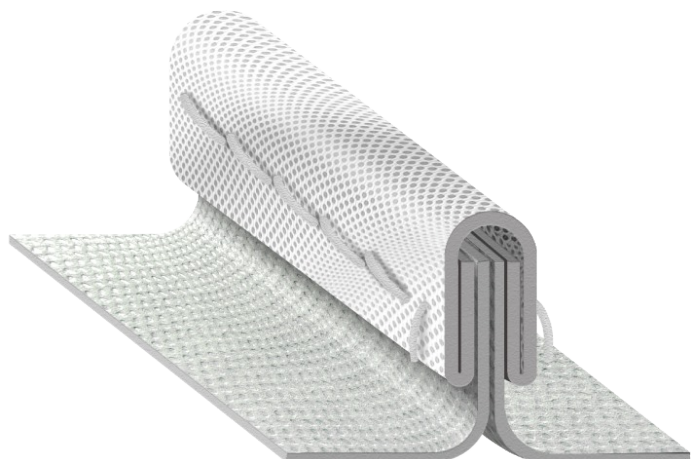

KEY FEATURES & BENEFITS

- ◊ **Protective barrier:** Protection from harmful chemicals and biohazards
- ◊ **Moisture vapor permeable fabric:** Lightweight and breathable footwear
- ◊ **Optimized fit:** Form-fitting personal protection and comfort
