

28-350

Heavy duty 3/4 dipped kevlar glove

Previously known as: NitrSafe®

Cut

Heavy Duty

DuPont™ Kevlar®-reinforced industrial gloves, for comfortable, flexible hand protection

- **Increased durability:** ActivArm® 28-350 work gloves feature a five-piece jersey lining, with DuPont™ Kevlar® panels in high-stress areas, protecting hands against mechanical risks and offering greater cut and abrasion resistance than standard leather-palm safety gloves
- **Enhanced grip and flexibility:** These industrial gloves also boast a flexible, porous nitrile coating, which channels oil away from the surface and enhances grip performance
- **Elevated comfort:** Though they are heavy-duty gloves, they are specially designed to offer wearers a more cushioned feel, for greater comfort

Industries

- Automotive

Applications

- Handling metal sheets & panels
- Handling parts with sharp, rough edges
- Welding, bonding, riveting
- Handling structural and body components
- Inspection, selecting, checking parts

Previously known as: Nitrsafe®

Key Features

- DuPont™ Kevlar® liner: Cut protection and abrasion resistance
- Porous nitrile coating: Confident grip, flexibility and dexterity
- Cushioned heavyweight design: Ideal for handling oily, heavy, metal parts
