

59-406 The prime choice for both thermal and flame protection

Previously known as: Ansell

ut Welding

Medium Dutv

Heat-resistant protective arm sleeves, delivering thermal protection and cut resistance

- Improved comfort: Composed of a soft blend of cotton and Dupont[™] Kevlar[®], ActivArmr[®] 59-406 protective sleeves provide wearers genuinely lightweight, breathable everyday comfort
- Heightened defenses: They also offer moderate thermal protection, notably against welders' torches, while providing greater cut resistance than denim or cotton alternatives
- Enhanced features: ActivArmr[®] 59-406 protective arm sleeves also feature a 100% Kevlar[®] knitwrist and thumbslot, for a secure fit and added palm and wrist protection CAUTION: The elastic band on this product may contain natural rubber latex which may cause allergic reactions in some individuals.

Industries

- Automotive
- Machinery and Equipment
- Metal fabrication

Applications

- Press shop operations
- Handling metal sheets & panels
- Handling parts with sharp, rough edges
- Welding, bonding, riveting
- Handling structural and body components
- Inspection, selecting, checking parts
- Seizing structural and body parts
- Inspection (picking, checking and marking)
- Touching up
- Processing sheets, coils, tubes
- Cutting glasses, sheets, panels

59-406 The prime choice for both thermal and flame protection

Previously known as: Ansell

Key Features

- Soft cotton and Kevlar[®] blend: Lightweight, breathable comfort
- Heat-resistant design: Moderate resistance, suitable for welding
- Light cut protection: Resists sheeting, pin-holding and metal spatter
